The Nottingham Advantage Award

Engaging with our students to enhance their employability

The Nottingham Advantage Award is an exciting scheme designed to enhance the employability of students across all faculties of the University.

The Award gives you the opportunity to engage with our students through co-curricular modules relating to career planning, volunteering, enterprise, work experience, study abroad and more.

You can directly impact upon student employability through the provision of skills workshops, mock interviews, assessment panels, presentation feedback sessions, work experience opportunities or even designing your own module. You can also link campus engagement with Social Responsibility programmes through funding, module delivery, or sponsorship.

We are **supported by employers**

Many of the modules are run by employers. We also work with more than 30 graduate recruiters, including BT, Ernst & Young, PwC, Teach First and Enterprise Rent a Car.

We are **award-winning**

In March 2011 we won the Association of Graduate Recruiters' Graduate Development Award, and we have also been shortlisted for international and national awards including one by Times Higher Education.

We are **international**

The Award is available at all three of Nottingham's international campuses, allowing students to continue participation in the Award as part of a study abroad scheme.

“We encourage students to stand out, to embrace opportunities like this. The Advantage Award will help develop key skills with the added benefit of enhancing commercial awareness, employability and confidence.”

— **Kate Wigglesworth**
Enterprise Rent a Car

“When I leave Nottingham I'll have my degree but I'll also be taking with me the skills I've gained through the Nottingham Advantage Award. Experiences like this are things that I'll remember long after I leave University.”

— **Andrius Druzinis**
University of Nottingham Alumni
